# STROOD RURAL DISTRICT COUNCIL

---

## ANNUAL REPORT OF THE MEDICAL OFFICER OF HEALTH FOR THE YEAR ENDED 31ST DECEMBER, 1958.

To the Chairman and Members of the  
Strood Rural District Council.

Mr. Chairman, Ladies and Gentlemen,

The duty of presenting the Annual Report for 1958 has fallen to me through the unfortunate death of Dr. M.F. McDonnell on 22nd January, 1959. Dr. McDonnell was appointed as your Medical Officer of Health on 8th June, 1923 and perusal of his annual reports over these 35 years of service records the challenge and progress in the advancement of health of the district.

The year under review would have been his 36th report as he in his time presented his first annual report on the year previous to his appointment.

The Council's attention is drawn particularly to the following statistical matters:-

POPULATION. There was an increase of 1040 in the Registrar General's estimate from 24,690 in 1957 to 25,730 for the present year.

BIRTH RATE. The birth rate per thousand of the population shows a decrease - 15.70 for the present year compared with 17.69 for the previous year.

The still-birth rate for 1958 was 15.87.

GENERAL DEATH RATE. The death rate for 1958 was 8.51 per thousand of the population. The 1957 rate was 9.15. The total number of deaths in the district during 1958 was 219 as compared with 226 in 1957.

NATURAL INCREASE OF THE POPULATION. The number of births in 1958 exceeded the deaths by 285, in 1957 this figure was 211.

INFANTILE MORTALITY. The death rate for infants under one year of age was 13.88 and the rate for 1957 was 2.28. The number of such infants dying in the district during 1958 was 7 and in 1957 1.

In the main body of the report is detailed the routine work of the Public Health Inspectorate which although rarely receiving comment or criticism nevertheless remains vital to the health and well being of the inhabitants of the Rural District.

Through the courtesy of the County Medical Officer certain details have been included dealing with the Personal Health Services for which the County Council are the controlling authority under the National Health Service Act, 1946.

Yours respectfully,

L.F. McWILLIAMS

Medical Officer of Health

	<hr/> 3908	<hr/> 228

## VENEREAL DISEASES

### Abstract from Annual Return 1958

<u>New cases</u>	<u>Male</u>	<u>Female</u>	<u>Total</u>
Syphilis.....	1	-	1
Gonorrhoea.....	7	-	7
Non-Venereal.....	24	7	31

Total number of attendances.....358

## MORTUARY AND BURIAL OF THE DEAD

There were no bodies received into the mortuary which is situated next the Fire Station at St. Werburgh Crescent, Hoo.

## PROVISION OF HEALTH SERVICES IN THE AREA

### AMBULANCE SERVICE

The County Council is responsible for the provision of a comprehensive ambulance service throughout the County. Other than in cases of accident and emergency, no ambulance will be provided, except at the request of a doctor, hospital or midwife, and for the provision of sitting-case transport a certificate from a doctor is necessary.

In cases of accident or emergency the telephone call is passed without delay to the appropriate ambulance station which in this area is at Star Mill Lane, Chatham.

#### Ambulance stations in the area:-

	<u>Telephone No:</u>
Star Mill Lane, Chatham.	Gillingham 58201/2
Harden Memorial Hall, Hall Road, Northfleet.	Gravesend 5257/8

### NOTIFICATION OF BIRTHS

In the case of every child born it is the duty of the father of the child, if at the time of the birth he is actually residing on the premises where the birth takes place and of any person in attendance upon the mother at the time of, or within six hours after, the birth to send notice of the birth within thirty-six hours, to the County Medical Officer of Health, County Hall, Maidstone. Postcards with prepaid postage for this purpose are supplied to medical practitioners, midwives, hospitals and maternity homes, upon application to the County Medical Officer, County Hall, Maidstone.

## ANTE-NATAL AND POST-NATAL CLINICS

Advice and ante-natal care is given at these clinics. Post-natal examinations are carried out at ante-natal clinics.

## DISTRICT OFFICERS

These officers are responsible for:-

1. Duties as Authorised Officers under the Lunacy, Mental Treatment and Mental Deficiency Acts.
2. Acting as representatives of the County Health Department in dealing with enquiries made by the public and arranging for County Health Services to be made available in cases of difficulty.
3. Carrying out the duties of the County Council under the National Assistance Act in:-
  - (a) arranging admission of old, handicapped and homeless persons to residential establishments other than in cases of sickness.
  - (b) the care of moveable property of patients who are admitted to hospital or a residential establishment provided by the Council where it appears that there is danger of loss or damage to the property.
4. DISTRIBUTION OF WELFARE FOODS:-

The following are main distribution centres adjacent to the Strood Rural District:-

Strood House, Corporation Street, Rochester.  
Elm House, New Road, Chatham.  
District Office, Arthur Street, Gravesend.

Welfare Foods are also issued from Child Welfare Centres referred to on page 13.

### District Officers and Assistants:-

Gravesend Office:- Arthur Street, Telephone No:  
Gravesend. Gravesend 166

Officer:- Mr. G. T. Jeffery, Telephone No:  
357, Watling Street, Dartford 3143  
Dartford.

Assistant Mr. W. G. M. Hastings, Telephone No:  
Officer:- 59, Clarendon Gdns., Dartford 4955  
St. Mary's Garden Est.,  
Stone, Kent.

### NATIONAL ASSISTANCE BOARD

Local office 5, Castle Hill, Telephone No:  
Rochester. Chatham 42237

### MENTAL HEALTH SERVICE

All enquiries regarding this service should be addressed to the District Officer (see page 14 and above). An assistant Mental Health Officer, Mr. F. Dutton is attached to the District Offices and makes domiciliary visits to give advice and information regarding the care of Mental Defectives.

### Occupation Centres

Occupation centres for mental defectives are established at:-

St. Luke's Hall,  
King William Road,  
Gillingham.

North Hall,  
Tivoli House,  
Gravesend.

Hours of opening:- Ordinary school terms, Monday to Friday 10 a.m. to 3.30 p.m.

A Home Teacher for Mental Defectives is also available in the area.

All enquiries regarding Occupation Centres and Home Teaching should be addressed to the County Medical Officer, County Hall, Maidstone.

## DOMICILIARY MIDWIFERY SERVICE

This free service of the County Council is to secure an adequate number of midwives available for attending women in their own home, either as midwives or maternity nurses.

The names, address and telephone numbers of midwives are given below:-

## DOMESTIC HELP AND NIGHT ATTENDANCE SERVICE FOR OLD PEOPLE

The domestic help service is to provide domestic help for households where such help is required owing to the presence of any person who is ill, lying in, an expectant mother, mentally defective, aged, or a child not over compulsory school age.

The night attendance service is provided for old people who are suffering from illness in their own homes and who should not be left alone at night. The service would not normally be provided where relatives or friends are available but limited service may be provided to relieve relatives who are being deprived of sleep.

Householders are required to contribute towards the costs in accordance with their means.

Applications for help should be made to the Domestic Help Organiser, 13, Gun Lane, Strood (Miss Coffey, Telephone Number Strood 7451).

## HEALTH VISITORS

These officers are appointed for the purpose of giving advice as to the care of young children, persons suffering from illness and expectant and nursing mothers, and as to the measures necessary to prevent the spread of certain infectious diseases.

The Health Visitors also undertake duties in connection with the School Health Service.

## HOSPITAL SERVICES

All cases of infectious disease are admitted to:-

	<u>Telephone No:</u>
River Hospital, Joyce Green, Dartford.	Dartford 3231
St. William's Hospital, St. William's Way, Rochester.	Chatham 43243
Keycol Hospital, Sittingbourne.	Newington 222

## VACCINATION AGAINST SMALLPOX AND IMMUNISATION AGAINST DIPHTHERIA AND WHOOPING COUGH

All medical practitioners have been invited to participate in the scheme which gives free vaccination against smallpox and immunisation against diphtheria and whooping-cough. These services are also available at child welfare centres during the normal child welfare sessions.

F.T., T.A.F. and Vaccine lymph are supplied by the Public Health Laboratory, Preston Hall, British Legion Village, Maidstone (Maidstone 7239).

Whooping cough vaccine is supplied by the Health Department, County Hall, Maidstone (Maidstone 4321 Ext.257).

## MINISTRY OF NATIONAL INSURANCE

Local Offices:- Chatham Local Office, Telephone No:

### NURSING REQUISITES

Arrangements have been made with the British Red Cross Society and St. Johns Ambulance Brigade for the continuance of the Medical Loan Depots on behalf of the County Council. The full range of nursing requisites will be available and details of addresses and times the depots are open for distribution are available from district offices. These arrangements will be in addition to the loan cupboards kept by the District Nurses. The depots deal with all applications for the loan of nursing requisites.

#### Medical Loan Depots -

Rochester - B.R.C.S., 67, High Street, Telephone No:  
daily 10am - 5pm by  
appointment with Mrs. Cronk,  
4, Roebuck Road, Rochester. Chatham 43187

St. Johns, 171, Maidstone  
Road, Rochester daily (day  
and night) Mr. E.H. Love. Chatham 43572

Gravesend - B.R.C.S. Headquarters,  
36, Pelham Road,  
Gravesend.

Bed and bedding can be supplied to patients on the recommendation of a doctor. This should be sent to the District Officer (see pages 14 and 15) who will make the necessary arrangements for their provision.

## WATER SUPPLIES

### Bacteriological and Chemical Examination of water supplies

Thirty-six bacteriological samples were taken during the year. These samples showed, on examination, that the water supplies were of a high degree of purity.

Four chemical samples showed the water to be organically pure though hard.

### Source of supply

All water is supplied from wells. The parish of Halling receiving water from the well at Vicarage Road, Halling operated by Mid Kent Water Company.

All other parishes are supplied by the Medway Water Board from wells at Cuxton, Crutches Lane, Higham and Luddesdown. At Frindsbury Extra water comes from the Broomhill Reservoir which is a mixture of Cuxton and Strood waters. Isle of Grain receives water from Grain well, and Meopham, in parts, receives either Shorne water or water from Vigo Reservoir, the latter being water from the Mid Kent Water Company's supply.

## PUBLIC CLEANSING

### Collection and disposal of domestic refuse

Domestic refuse throughout the district is collected weekly and is disposed of by means of controlled tipping in a disused chalk pit in the Parish of Cuxton. The refuse tip is treated regularly to prevent rat infestation and during the summer period insecticides are applied to prevent the breeding of flies and crickets.

### Cesspool and Pail Closet emptying

With the exception of those areas in which a public sewer is provided cesspools are emptied, upon request, free of charge up to a maximum of four times per year.

Pail closets are emptied weekly in the Parishes of Hoo, Isle of Grain and Allhallows, and twice per week in the Parish of Stoke.

## SEWAGE DISPOSAL

Sewers are provided for the drainage of premises in the parishes of Allhallows, Frindsbury Extra, Halling, Higham, Hoo, Isle of Grain, Shorne and Stoke.

After treatment, the effluent of the Allhallows and the Isle of Grain sewers empties into the River Thames and the others into the River Medway.

## SENIOR PUBLIC HEALTH INSPECTOR'S REPORT FOR 1958

To the Chairman and Members of the Strood Rural District Council.

Mr. Chairman, Ladies and Gentlemen,

Before submitting the statistics of work carried out by myself and Mr. Horncastle, your additional Public Health Inspector, during the year, I bring to your notice the following information which I consider of particular interest.

The survey, inspection and reporting of unfit dwelling houses has continued to occupy a large part of our time during the year under review and satisfactory progress has been made except in the parish of Cliffe where, due to the absence of alternative accommodation, many families continue to live under insanitary conditions in unfit houses.

Of particular interest to bring to your notice is the large number of aged persons living either singly or as couples in many of the unfit houses. Whilst able to devote to themselves ordinary care and attention of a personal nature, many are finding it increasingly difficult to carry out normal domestic routine to keep the houses as clean as is desirable. Almost without exception these aged persons are militantly independent and it is very satisfying to note that the District Council are providing accommodation at Shorne and, it is hoped, in other Parishes where such people will continue to care for themselves under better circumstances and with a minimum of restrictions.

There are several older tenanted houses in the area, not scheduled for demolition, which it had been hoped might have been satisfactorily dealt with under the provisions of the 1957 Rent Act.

This Act permits owners to raise the rents of their properties with a view to improving the state of repair - experience in this area has been disappointing as little effective action has resulted.

Either through apathy or lack of knowledge of their rights under the Act very many tenants have seen their rents increased and not taken the opportunity given under the Act to have the house brought up to a good standard of repair.

On the 1st June, 1958 the remaining provisions of the Clean Air Act, 1956 came into force. There are at present no major problems regarding atmospheric pollution on the rural district except that of dust emitted from the chimneys of the three cement works. The degree of pollution is particularly heavy at North Halling where the standard deposit gauge caught the equivalent of 343 tons per square mile for the year. The cement works contributing largely to this pollution is now being fitted with multi-cyclone dust collectors and when this plant is put into operation early in 1959 it will be interesting to observe what effect it will have on the amount of air polluting substances caught by the deposit gauge.

With reference to pollution from domestic smoke, although at present there are no large urban areas in the district the possible future growth of such areas should be considered, particularly where contiguous with the urbanised area of the Medway Towns, and persons erecting new houses should be encouraged to instal heating apparatus capable of burning smokeless fuel.

No statutory action was taken under the provisions of the Clean Air Act during the year but there occurred one smoke nuisance in the district which is worthy of note.

In July several complaints were received from the occupiers of houses situated at Buckland. Immediate investigation showed dense volumes of black smoke, coming from an isolated woodland area in the Parish of Luddesdown, being carried directly onto the complainants' houses. Approaching the source of the smoke it was found that a London firm of metal merchants was causing to be burnt large quantities of rubber covered cable which, prior to the coming into force of the Clean Air Act, had been burnt on the Thames marshes nearer London.

I take this opportunity to record the sterling service of Miss K. Merry, sole Clerk in the Health Department, necessarily left in charge of the department for most of each day during the absence of Mr. Horncastle and myself on outside duties, Miss Merry has made herself conversant with much of the detailed legislation administered in this department. This knowledge together with a ready desire to help has enabled her to interview and advise members of the public who call, without appointment, seeking information.

Your obedient Servant,

G. WILSON

Senior Public Health Inspector

Drains reconstructed.....	2	Vent bricks repaired....	1

### INTERNAL

Ceilings repaired.....	12	Staircases repaired.....	2
Walls repaired.....	4	Cooking ranges repaired..	1
Floors repaired.....	1	Washing boilers repaired.	1

### ATMOSPHERIC POLLUTION

The remaining provisions of the Clean Air Act came into force on the 1st June, 1958.

There is no serious problem of atmospheric pollution in the area except that of dust from cement factory chimneys. There are three such factories in the area two of which are provided with electrostatic precipitators and one without any efficient dust arresting equipment. This latter works is now being fitted with a multi-cell cyclone dust collector which is expected to be operating early in 1959.

As a constituent member of the Thameside Joint Committee for the Abatement of Atmospheric Pollution, the Council continued to maintain measuring instruments in the parishes of Cliffe, Frindsbury Extra and Halling. The results of the analyses of the contents of the gauges for 1958 are given on pages 34 and 35.

## NATIONAL ASSISTANCE ACT, 1948

During the year it was necessary to undertake the burial of three persons under the provisions of the above Act at a total cost of £49.10.4d. of this sum £43. 0. 0d. was eventually recovered.

## HOUSING ACTS 1936 to 1957

Sixteen Demolition Orders, four Closing Orders and five Undertakings were made by the District Council during 1958. Eleven unfit houses were demolished by owners during the year.

No. of houses inspected.....	72
No. of houses re-inspected.....	152
No. of houses inspected for overcrowding.....	3
No. of miscellaneous housing visits.....	9

The number of houses scheduled as unfit and remaining to be dealt with at the end of the year was as follows:-

Cliffe.....	28	Higham.....	8
Cobham.....	10	High Halstow.....	2
Cooling.....	2	Hoo.....	18
Cuxton.....	8	Isle of Grain.....	5
Frindsbury Extra..	3	Meopham.....	2
Halling.....	4	Shorne.....	6

## FACTORIES ACT, 1937

Fifty-four factories and forty-one other premises are registered within the provisions of the Act. During the year a total of 73 visits were made. Informal action was taken to remedy defects and improve conditions in two cases.

Inspections were made to the premises of 16 outworkers during the year. These outworkers were all engaged in the making or wearing apparel.

## SHOPS ACT, 1950

There are 216 shops in the area and during the year 281 inspections were made in connection with arrangements for the health and comfort of shop workers, general cleanliness, and under delegated powers, Sunday trading, early closing day and closing hours.

## FOOD & DRUGS ACT, 1955

641 visits were made to premises where food is sold or prepared for sale including visits to the slaughterhouse.

144 visits were made to the one licenced slaughterhouse for the purpose of meat inspection. The table on page 38 gives the number of animals slaughtered and the percentage of diseased conditions.

Carcases and Offal inspected and condemned in whole or in part:

	Cattle excluding Cows	Cows	Calves	Sheep & Lambs	Pigs	Horses
Number killed	204	-	-	164	487	-
Number inspected	204	-	-	164	487	-
<u>All diseases except tuberculosis and cysticerci:</u> Whole carcasses condemned	-	-	-	-	-	-
Carcases of which some part or organ was condemned.	38	-	-	-	6	-
Percentage of the number inspected affected with disease other than tuberculosis and cysticerci.	18.62%	-	-	-	1.23%	-

## PREVENTION OF DAMAGE BY PESTS ACT, 1949

1902 inspections were carried out to all classes of premises under the provisions of the above Act.

Of the 172 premises found to be infested the owners of 21 carried out disinrestation themselves and the Rodent Officer operated for the destruction of rats and mice at the remainder.

## PETROLEUM (CONSOLIDATION) ACT, 1928

There were 86 installations licenced to store petroleum-spirit during the year and the number of premises licenced to store carbide of calcium was 24.

43 inspections were made during the year.
